

## PSOC MENTORING PROGRAM

The Photographic Society of Orange County has a mentoring program in place to assist club members with questions about camera functionality, photo composition and techniques, post production processing, and other photographic issues.

We have a list of PSOC mentors who volunteer their time to conduct one-on-one and group sessions with club members, communicate with them by email and/or phone, and meet with them on PSOC field trips and/or local outings.

If you would like to sign up for the mentoring program, please fill out our **Mentoring Program Questionnaire** located on the PSOC website at [www.psoc.net/about](http://www.psoc.net/about).

Note: The **Mentoring Program Questionnaire** includes questions about your camera equipment, computer and operating system, photo processing software, mentoring expectations, favorite subjects to photograph, and level of expertise with your camera and software.

If you would like to become a mentor, please fill out our **Mentor Questionnaire** located on the PSOC website at [www.psoc.net/about](http://www.psoc.net/about).

After you complete your questionnaire, e-mail it to Louis La Croix (Mentor Program Director) at [llacroix@aol.com](mailto:llacroix@aol.com). Once your questionnaire is received, he will assign one of our mentors to contact you.

Note: Louis will contact you personally if you want to become a mentor.
